

Veeksha Dikshit

Hello! I am a passionate front-end web developer with a keen eye for design and a love for crafting interactive, user-friendly websites. With a strong foundation in HTML, CSS, and JavaScript, I am excited about the possibilities in front-end development and look forward to contributing to innovative projects that make a real impact.

Projects

Restaurant Booking System

- You can pre-book the table of the restaurant.
- Responsive Web-design.
- Used Nodejs and MongoDB for backend.
- Used Html, CSS, JS for frontend.

Photography Website

- It is just for Photography cost website that how much cost it takes to click photos.

Portfolio Website

- It is my portfolio website where all my projects are live to watch.

Tip Calculator

- It is tip calculator for giving tips according service and how many peoples there were.
